About TELEBIB2

The TELEBIB2 standard

- TELEBIB2 is a **data exchange standard** made by and for the Belgian insurance industry.
- TELEBIB2 is not limited to data exchanges between insurers and brokers.
- Every year TELEBIB2-centre publishes a new release containing all changes discussed in the various work groups in the normalisation.

How to participate and submit normalization request

- Every industry player can join the work group Normalisation and submit normalisation requests.
- The standard (classic) work group meets 1x / month during 4h (Specific work groups are sometimes organized)
- Request to join the work group can be sent to info@telebib2.org

Statistics

Volumes

2023: 97.827.861

2024: 101.752.526
